PROGRAM DEFINITION

Management is a dynamic profession in which an individual manager functions simultaneously as a planner, a supervisor, a leader, a decision maker and information officer, an advisor, a problem solver, and an evaluator of results. Managers perform a wide range of tasks and functions requiring a mix of technical, conceptual, and human skills.

PERU STATE'S POINTS OF DISTINCTION

- Unique, accelerated degree completion program that allows students with a technical associate degree to complete a bachelors degree in 2 years
- Faculty is experienced practitioners as well as experienced educators
- All courses are offered online and on campus, with many online courses lasting only 8 weeks
- Instructional format permitting students personal and extended contact with faculty and individualized guidance during throughout all coursework.
- Each program at Peru State College is reviewed on a continual basis and coursework is updated to meet industry standards.
- Students completing a degree at Peru State College are prepared to attend the nation's top graduate schools in all program areas.
- Minor in a subject area outside of the major is simple at Peru State and can broaden the scope of knowledge and can improve employment prospects for any student.
