Faculty – I have scheduled meetings for the 2010-2011 school year. Since we are meeting on Fridays, I tried to keep it to a minimum, which is good, but it also makes it that much more important that you make every effort to attend as scheduled. Please put the dates on your calendars asap – these dates coincide with the School of Education morning meetings. We will do a significant amount of communication via email and through committee work. Thanks in advance for your cooperation – see you soon.
