Summer courses are coming to an end and you will be on a short break before the fall courses begin. I encourage you to take this time and enjoy the next couple of weeks, come back refreshed and ready to go this Fall semester.

We often hear from our graduate students regarding their Peru State College experience and I would like to take this opportunity to share a comment about degree programs. I encourage you to contact our office and share some of your experiences as well.

Below are some of the upcoming important dates you need to be aware of:

“I have to admit that while I am glad to be nearing the end of my degree, I can say for sure I am going to miss Peru and the folks who have made this time meaningful. This has, and continues to be such a positive experience.” - Paul Lytle

All upcoming important dates can be found at: <http://www.peru.edu/graduate/dates.htm>

IMPORTANT REMINDER: To improve conditions associated with student success, there is no longer an add/drop period during the first week of 8-week courses. Students will need to add or drop these courses before the start date. Courses will be available the weekend before the start date for those registered.

NEW – several courses will have new textbook information. This and all textbook information for our graduate courses is available through a link on our graduate home page.
