

## G.I.F.T - Graduate Information for Today!

September 15, 2010

Graduate Students,

Please remember to check your acornmail regularly for any updates or information recently sent. Also, the Graduate Programs web site is full of valuable information; you should visit our web site when you need any forms or updated information. Your program of study, course rotations, application for graduation and catalogs are just some of the important items you will find useful.

Enrollment continues to grow at Peru State College! Our graduate online programs are no exception as we saw double-digit percentage increase in new student enrollments. The reasons for our success includes: quality programs, affordability, flexibility and professional, knowledgeable and supportive faculty. A special thanks to you for helping us spread the word about our excellent programs at Peru State College.

Several email notifications have been sent out regarding upcoming graduation requirements and deadlines. If you are planning on graduating this December, be sure to follow those requirements for graduation and complete all necessary paperwork to finalize your degree requirements. If you have any questions about graduation, just let us know.

***Students planning to graduate in May or August 2011- Applications for Graduation and the \$40 application fee must be submitted to the Graduate Programs Office by October 1, 2010!***

As always, below are some of the upcoming important dates you need to be aware of:

October 2	Homecoming
October 15	Term I Session Ends
October 25	Term II Session Begins

***Thought for the Month:*** "Enthusiasm is one of the most powerful engines of success. When you do a thing, do it with all your might. Put your whole soul into it. Stamp it with your own personality. Be active, be energetic, be enthusiastic and faithful, and you will accomplish your object. Nothing great was ever achieved without enthusiasm."  
*Ralph Waldo Emerson*
