

Nebraska State College System Purchasing Card Procedures Effective Updated - 7/1/2018

Overview

The State Treasurer has contracted with US Bank for a purchasing card (p-card) program. The program is intended to help make state government more efficient and cost-effective by modernizing the purchasing process. The p-card is an alternative to vendor billing by providing for direct pay. Direct pay allows more purchasing options and can significantly reduce costs associated with accounting transactions. US Bank pays vendors directly for purchases within a short period of time, and the Colleges issue a payment to US Bank for all College charges.

The program is not intended to avoid or bypass purchasing policies that are in the State of Nebraska purchasing policy and the Nebraska State College System policies. Rather, the p-card is to be used within the guidelines of existing policies. Expenditures that would not normally be incurred should not be made using a p-card. The Nebraska State Colleges are held to a high level of accountability for their business practices. As such, every reasonable effort must be made to ensure that funds are used in a responsible and appropriate manner.

The p-card may be used for payment with suppliers who accept the Visa card. Since the State of Nebraska and the Nebraska State College System are exempt from paying Nebraska sales tax, no sales tax should be charged on purchases made in Nebraska. Therefore, tell the vendor, **before** the purchase is processed, that the purchase is exempt from Nebraska sales tax. The Nebraska sales tax exempt number is printed on the front of the p-card. If the vendor requests a copy of a Form 13 as proof of the sales tax exemption please contact Accounting Staff. If sales tax is charged on a local purchase, the cardholder should always seek reimbursement of the sales tax. If a non-local vendor purchase includes sales tax that exceeds the predetermined threshold of \$20, the cardholder should seek reimbursement as soon as possible. If a merchant's normal business practice precludes reimbursement of sales tax, please contact College Accounting Staff.

All cards are issued at the request of the College in an employee's name. Under no circumstances can a card be used for personal use. Card usage will be monitored and the College may rescind the card at any time. Failure to comply with the guidelines of this program may result in severe consequences, up to and including termination of employment.

Purchasing authority is delegated to designated employees by their departments to make business related purchases with a p-card not to exceed a single transaction limit as specifically approved. The p-card may not be used for any personal expenses and travel expenses are limited to Agency (only select travel expenses) and Coaches/Event cards.

The p-card represents the College's trust in the cardholder as a responsible employee who will safeguard and protect the College's assets. The p-card should be used only by the individual named on the card or his/her designee(s). The cardholder has the authority to delegate individuals, groups, and/or positions as their designees. The cardholder is responsible for all charges against the card, even those made by a designee. The cardholder must safeguard against the use of the card by unauthorized individuals. Unauthorized use may be cause for the immediate cancellation of the card.

Cardholders will receive a monthly statement which will report all activity during the statement period. It is the cardholder's responsibility to match the receipt obtained at the time of the purchase to the monthly

statement and to submit such statement and receipts to Accounting Staff. Cardholders must immediately notify Accounting Staff of any discrepancies and assist with the resolution of the discrepancy.

Card Types

P-cards are divided into four card types. Each card type allows for a different set of allowable purchases.

P-cards types consist of the following:

- Individual
- Agency
- Automotive
- Coaches/Event

Accounting Controls

Cardholder monthly spending limit

The cardholder's monthly spending limit is the maximum dollar amount authorized for a cardholder within a 30-day period. It is replenished automatically the day after the billing date. The monthly spending limit is:

- \$10,000 for Individual cards
- \$25,000 for Agency cards
- \$10,000 for Automotive cards
- \$10,000 PSC; \$40,000 CSC; and \$25,000 WSC for Coaches/Event cards

In rare instances, where a business need exists, the monthly maximum exceeding these limits may be allowed but only if written approval has been granted. In order for limits to be raised the following individuals should be contacted:

- Chadron – Budget Director – Jordan Heiting 308-432-6415
- Peru – Accounting – Jen DeBuhr 402-872-2362
- Wayne – Comptroller – Jeremy Rasmussen 402-375-7226

Cardholder single-purchase limit

The single-purchase limit restricts the amount of any single purchase made by a cardholder. It can be comprised of a single or multiple items purchased at one time at a single supplier. The single-purchase limit is:

- \$2,000 for Individual cards
- \$5,000 for Agency cards
- \$2,000 for Automotive cards
- Single-purchase limit is equal to monthly spending limit for Coaches/Event cards

In rare instance, where a business need exists, a single purchase exceeding these limits may be allowed but only if written approval has been granted. In order for limits to be raised the following individuals should be contacted:

- Chadron – Budget Director – Jordan Heiting 308-432-6415
- Peru – Accounting – Jen DeBuhr 402-872-2362
- Wayne – Comptroller – Jeremy Rasmussen 402-375-7226

Merchant Category Classification (MCC) code blocking

In most national credit card systems, suppliers are assigned a four-digit code according to their Merchant Category Classification (MCC). These codes are used as a reference and, where necessary, to block certain supplier purchases. Only MCC codes identified as allowable will be "open", whereby charges may be made and processed. All requests for exceptions to blocked MCCs must be sent to College Coordinator/Accounting Staff. College Coordinator/Accounting Staff will request State Accounting to open the blocked code temporarily.

To obtain a card

To obtain a card, an employee must complete a new account card request form and p-card training. New account request forms must be approved by the department chair, head, or administrator and the Vice President for Administration and Finance's Office. Individuals will only be allowed access to use the p-card upon successful completion of the required training.

To use your card

When you receive your card, read carefully and sign the Agreement to Accept the Purchasing Card which comes with each card.

Call the 800 number listed on the card to activate your account.

Sign the back of the card and always keep in a secure place. Although the card is issued in your name, it is the property of the State and is only to be used for business purchases.

In order to prevent fraud, the full p-card account number should not be recorded electronically or on paper. Never scan, fax, or email the p-card in its entirety. If the number must be recorded it should be truncated to the last six digits.

Sharing card information is a violation of policy. Card sharing may result from physically or verbally sharing card information. Cardholders should authorize orders on their own accounts. Observations of card sharing should be communicated to the College Coordinator/Accounting Staff.

Lost or stolen cards

The p-card is State property and should be secured just as you would secure your personal credit cards. If your p-card is lost or stolen, immediately notify US Bank Customer Service and College Coordinator/Accounting Staff. US Bank Customer Service representatives are available 24 hours a day, 365 days a year at 1-800-344-5696. Upon receipt of your call, further use of the card will be blocked. Prompt action in these circumstances can eliminate fraudulent charges. Written confirmation of cancellation must then be accomplished by mail or fax.

Disputes/unauthorized charges

If there is an incorrect charge on your monthly statement, first try to resolve it directly with the supplier. If the supplier refuses to issue a credit or otherwise fails to resolve the problem, call US Bank Fraud Department at 1-800-523-9078 and/or contact Accounting Staff.

If there is an unauthorized charge on the monthly statement, notify the College Coordinator/Accounting Staff immediately. If the charge appears to be fraudulent, the account will be closed and a new account will be opened.

Violations of the p-card policy

Two violations of the p-card policy within a calendar year may result in the termination of p-card privileges for a period up to one year; however, a single violation, depending on the severity, may also result in immediate termination of p-card privileges. A notice of violation will be sent to the cardholder and to the cardholder's supervisor. Issuance of a new card after the one year period will require a new account request form and successful completion of p-card training. In extreme cases, card privileges may be permanently suspended.

Fraudulent use of the p-card will result in corrective actions in accordance with the policies of the Human Resources Department, including reimbursement and the possibility of termination.

Questions with Answers

Will US Bank do a credit check on my personal credit before the card is issued?

No, card issuance is based on the credit of the State of Nebraska.

Will my US Bank Purchasing Card affect my personal credit rating?

The account will not be used for personal charges; therefore, US Bank does not report monthly activity to any credit bureau.

Will my purchases be audited?

Yes. You are required to submit receipts for approval. Also, there are random audits to verify compliance, so the College must retain all statements and receipts.

What if I need to return an item that I have purchased?

Return the item to the store or contact the supplier to arrange for the return. Be sure to obtain the credit receipt from the purchase and submit the credit receipt as soon as practical, but no later than with your monthly statement, to the Accounting Office.

What about purchasing from Amazon?

When making business purchases from Amazon, create and use a separate business account. Your College email and address should be used for contact and shipping information. Do not make business purchases on your personal Amazon account.
