Purpose of Student Clubs/Organizations

The purpose of student clubs/organizations is to provide students with opportunities to participate in activities that develop their intellectual, emotional, spiritual, physical, and professional abilities. These organizations are important components of the academic life of the College. To meet the different developmental needs of students, Peru State College offers a multitude of student groups covering the following areas: academic, professional, religious, political, honor, service, cultural, special interest, club sports, and recreation. Every student is encouraged to become a member of those organizations that appeal to their personal interests.

Involvement in student clubs/organizations will:
• Improve students’ interpersonal skills
• Give students a greater satisfaction with their college experience
• Provide useful experience in obtaining a job and providing job related skills
• Develop lifelong values of volunteerism and service to others
• Help in developing skills in leadership, communication, teamwork, organization, decision-making and planning

Requirements and Registration

In order to be officially registered and recognized by Peru State College, ALL student organizations must have:

• A clear purpose that does not duplicate the purpose or mission of an existing student organization and an approved constitution by the Student Senate.
• A current copy of the organization’s constitution and bylaws emailed to the Student Activities Coordinator each year by the annual registration date.
• A Treasurer or elected position with similar duties normally applying to that of a Treasurer position listed on their roster.
• A college employee advisor.
• A minimum of three (3) officer positions and (3) general members.
• Representation at all scheduled student club/organization group meetings and trainings presented by the Student Activities Office.
• Official meetings, no fewer than two (2) times each semester.
• Submit a current roster and minutes from the first and last meeting of each semester to the Student Activities Office. Rosters must specify current officers.
• Fulfill a requirement of three (3) community service projects a year with photographic proof in your end-of-the-year report.

*All of this information must be submitted via the online registration form and emailed to the Director of Student Activities and Programs by the posted deadline. Failure to comply removes the organization’s eligibility to use Student Senate funding, fundraise or host social events on campus.
Communication Expectations

As a part of Student Senate’s duty to help 3300 organizations improve and prosper, all organizations will be required to send representatives to one Student Senate meeting per semester. In the meeting, you have the opportunity to discuss past events and future plans for the current semester. Scheduling for these presentations will be worked out by Student Senate. A complete calendar of attendance shall be given to all 3300 organizations in the first quarter of each semester. Organizations can be represented by members who have positions within Senate, with up to four total representatives presenting before Student Senate. Organizations still may schedule additional meetings with Student Senate as they deem necessary.

Along with staying in touch with Student Senate, it is imperative to maintain communication with the Student Activities staff. It is required that you also meet with a member of the staff to keep them up-to-date while possibly bouncing ideas off of them as well. Your Student Activities contacts can be found in the Student Activities Office or on the Peru website. Your organization may easily invite a member of the Student Activities staff to an Executive Board meeting each semester or set up another time to meet in the Student Activities Office for this specific purpose.

Communication with both groups will help you foster success in being an influential organization on campus. With the help of Senate, you can interact with some of the most involved students on campus with connections in numerous clubs and organizations. With the help of the Student Activities staff, you will have a connection with College staff that has the prior know-how and experience to help your event ideas become reality. Make sure to stay in touch and use us as a resource!

Student Organization Advisor(s)

Board Policy 3300 states that each recognized student organization shall have an advisor who is an employee of the College.

Advisors may be assigned by the College to assist a particular recognized student organization; or, advisors may work with the recognized student organization in a volunteer capacity as service to the College, community, and profession, if approved as a volunteer by the Vice President responsible for Student Affairs. Advisors are presumed to be working within the course and scope of their employment when performing the duties of an advisor, regardless of whether they are working in a volunteer capacity.

Why does a student organization need an advisor?
An advisor can prove to be a valuable asset to your organization by sharing their life experiences, wisdom, and providing continuity, organizational memory, and connections to resources. The key role of the advisor is to serve as a resource for the organization. Take some time to discuss reciprocal expectations with your advisor(s). Try to establish open lines of communication that will enable you to work together effectively.

What is the role of an advisor?
The role of an advisor is to communicate with, guide, and assist the organization; attend organization meetings, events, and fundraisers; be knowledgeable of all policies that may impact the organization; and monitor compliance with budgetary/financial guidelines established by the College and student government.

An advisor must sign the Advisor Agreement Form once they are chosen by a club/organization. If an advisor is replaced, the new advisor must complete the form before the organization will again be deemed active.

If student organizations have an overnight stay included with organizational travel, they must be accompanied by an advisor. All travel by an advisor must be approved pursuant to established Board and College rules and procedures.
Community Service

As official 3300 organizations, it is expected that your members stay involved. This involvement is intended to benefit not only campus itself, but the surrounding community as well. To satisfy this expectation, one (1) project outside of the two (2) mandatory community service projects are required by each 3300 organizations each academic year. All projects will need to be presented in your club’s annually written report. To present your service projects, make sure to provide photographic proof and to submit a brief summary of the events. Your advisor’s signature must be included with the summary. Both are needed to ensure the validity of your project. As listed below, there are numerous opportunities to benefit our beloved campus and community. However, the following list is not limited to the projects you may complete. Please ensure that the Director of Student Activities and Programs is notified of your form of community service prior to its completion.

Mandatory Projects

Using the Student Organization Funding Request Form, organizations can request permission to conduct fundraising projects. This e-form is available on the forms page on the Student Activities website. The request will be routed through the pertinent stakeholders for approval with the final determination made by the Vice President for Enrollment Management and Student Affairs. Fundraising activities cannot take place without first having been approved and, when applicable, the appropriate insurance coverage has been obtained. Space will be allotted on a “first come, first serve” basis. Final approval must be received one week before implementing
